

WHAT'S IN THIS EMAIL**Volunteers for Dysart School Instruction Needed****Looking for Volunteers:**

The Pickleball Club has been teaching Pickleball at 2 of the Dysart schools this summer and would like to continue this program in mid September 2014. We need volunteers to accomplish this goal. Ted Koch and I did this last spring and it was very rewarding.

Volunteers will be required to be fingerprinted and complete some minor paperwork at the Dysart school district to obtain an ID card.

The qualifications are simple: understand the game of Pickleball, teach beginners and commit your time and effort on a regular basis.
