

BENEFITS OF CLUB MEMBERSHIP

1. Being able to play in club-sponsored events, not available to residents. Those events include, but are not limited to:
 - Morning drop-in. Every single morning of the year!
 - League / Ladder Play: Competitive play which is run similar to tournament play (men's women's and mixed).
 - Mixers: Most nights of the week. Mixers are divided into two categories, social and competitive.
 - Skill Level Clinics: These are training events designed to bring your game to the next level. Clinics run weekly during the months of January, February and March.
 - Skill Level Drop-in Sessions: These events run during the winter months to help alleviate over-crowding during morning drop-in, and are designed so that club members can play with other club members of their own skill level.
 - Tournaments: The club generally runs a club-member only tournament once per year. These are fun events with lunch provided. Vendors are available with a plethora of pickleball related items, including paddles, shoes and apparel, and wonderful raffle prizes are awarded to ticket holders.
2. Never having to purchase and carry balls with you. Your membership dues pay for the balls which are located in the ball sleeves next to each court gate.
3. Never having to pay to play. Due to the explosive expansion of pickleball, many clubs are now moving toward a pay-to-play model of reserving courts. Your dues allow you to play as much or as little as you wish.

4. The use of ball machines for practice sessions. Only club members can utilize the three championship ball machines purchased with membership dues.
5. Outstanding court maintenance provided by club member volunteers. Our courts are maintained by the club for club members. Vacuums, blowers, and a Zamboni-like cleaning machine are purchased with membership dues.
6. Camaraderie with fellow club members and forming new lasting friendships! This is the number one reason to join the Grand Pickleball Club. Joining the club leads to many positive benefits such as increased communication with friends, stronger social bonds, improved collaboration on a shared interest, boosted morale, a sense of belonging, enhanced creativity, and high retention rates among club members, ultimately contributing to a vibrant and active club community.
